Warm Hearth Fitness Center Always Recommends You Speak With Your Doctor before Starting Any Exercise Program.

Please see a Fitness Center staff member before participating in classes to complete required paperwork

Ab and Body Sculpt

This class focuses on strength and endurance using lighter weights and greater repetitions. These exercises are great for those getting started in resistance training. Abdominal strengthening exercises will also be included in this class.

Cardio Dance Party Workout

Dance your way into shape! This fun, high energy class includes popular styles to keep you moving!

Chair Yoga

A yoga class especially for those who find it difficult to get down on the floor. Participants enjoy the benefits of relaxation and increased flexibility from practicing yoga while sitting in a chair. The class will focus on breath work, stretches, supported strengthening poses and meditation.

Circuit/Agility Training

Break up your routine....variety boosts results!! Challenge yourself in this 30 minute class designed to encourage your full potential while going at your own pace. No competition, no pressure, all about enjoying how your body moves.

New Back and Body

Healthy Backs is a class designed for anyone looking to safely & efficiently strengthen their back and body. It is a great way to prevent injuries from happening as well as to rehabilitate. It strategically works your body from head to toe, and works all of your joint's range of motion. This is a blend of weight training, stretching, balance and breathing exercises that leave you feeling better with every class.

POSTURE, BALANCE, GAIT

A class for everyone!!!!!! We work on body mechanics and muscle memory through body weight/awareness and strength training.

Floor Yoga

Floor Yoga is a gentle class structured around rejuvenating the body. Yoga props such as blocks, bolsters and straps are often used for safe practice, and to allow the body to fully achieve each position comfortably. This class is held at a slower pace and focuses on stretching all areas of the body, while releasing stress and tension from joints and muscles.

Dance for Wellness and Well-being

This class is appropriate for anyone who loves music and desires to explore the healing powers of, and joy within, movement regardless of whether they are living with mobility challenges or not. No dance experience is necessary. The moves explored can be done sitting as well as standing. These classes serve to provide an environment and opportunity for all to enjoy the energizing, enriching and empowering benefits of dance and music in a welcoming community setting.

Be Kind to your Spine

Awareness exercises to connect with the inner core, breathing and breathing & movement coordination. Additionally, this class will incorporate core stabilization with movements of extremities. Functional transitions from quadrupled to standing (slow transitions to minimize blood pressure/vertigo issues).

Be Kind to your Mind

Centering, arriving and checking-in with self. Breath awareness. Educational learning components, movement, movements with breathing exercises, movement to promote hemispheric integration and neuroplasticity. Stress management, sleep and mood management explorations. Mindful practices.
