A class designed to work on body mechanics and muscle memory through body weight/awareness and strength training. Most exercises are done by the bar or seated, as this class is designed for our less balanced folks.

Rock Steady Boxing (RSB) ★★

RSB is a world-renowned program designed for those with Parkinson's. RSB exercises are largely based off of boxing drills. Classes will work on optimal agility, speed, muscular endurance, accuracy, hand-eye coordination, footwork, and overall strength to defend against and overcome opponents associated with Parkinson's.

Taiji for Wellness ★

Based on the Hun Yuan Taijiquan-style (focused on the circling or spiraling principles of taiji practice), each two-part class starts with 45 minutes of meditative walking, qigong exercises and simple partner work to improve balance, coordination and range of motion. With regular practice participants will also experience increased strength and learn to relax deeply. The first part of class is suitable for most ability levels; targeted to those able to stand and move without assistive devices. The second part of class teaches taiji form (choreography), including the Hunyuan 13- and 24-Forms. The ability to learn and practice complex choreography is required for the last 30-minutes of this weekly class.
